

ROBINSON, FARMER, COX ASSOCIATES

CERTIFIED PUBLIC ACCOUNTANTS

A PROFESSIONAL LIMITED LIABILITY COMPANY

November 25, 2014

To the Board of Supervisors
County of Wythe, Virginia

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the discretely presented component unit of the County of Wythe, Virginia for the year ended June 30, 2014. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and OMB Circular A-133), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 29, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the County of Wythe, Virginia are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year. We noted no transactions entered into by the County of Wythe, Virginia during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the depreciable asset lives is based on management's experience. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowances for doubtful accounts is based on management's experience. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Attached herewith are our recommended adjusting entries, some of which were material to the financial statements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 25, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County of Wythe, Virginia's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County of Wythe, Virginia's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the budgetary comparison schedule, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Restriction on Use

This information is intended solely for the use of the Board of Supervisors and management of the County of Wythe, Virginia and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Robinson, Turner, Co. Associates

FINANCIAL SECTION

ROBINSON, FARMER, COX ASSOCIATES

A PROFESSIONAL LIMITED LIABILITY COMPANY

CERTIFIED PUBLIC ACCOUNTANTS

Independent Auditors' Report

To the Honorable Members of
the Board of Supervisors of the
County of Wythe, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Wythe, Virginia, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County of Wythe, Virginia's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Wythe, Virginia, as of June 30, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information and schedule of pension and OPEB funding progress on pages 56 and 57 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The budgetary comparison information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Wythe, Virginia's basic financial statements. The introductory section, other supplementary information, and statistical information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

Other Information (continued)

The other supplementary information and the schedule of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2014, on our consideration of the County of Wythe, Virginia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Wythe, Virginia's internal control over financial reporting and compliance.

County of Wythe, Virginia
 Reconciliation of the Balance Sheet of Governmental Funds
 To the Statement of Net Position
 June 30, 2014

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balances per Exhibit 3 - Balance Sheet - Governmental Funds	\$ 40,724,629
--	---------------

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.

Land	\$ 2,742,336	
Buildings and improvements	33,577,706	
Infrastructure	1,994,841	
Machinery and equipment	2,404,543	
Construction in progress	<u>22,036,371</u>	
		62,755,797

Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred inflows of resources in the funds. These amounts are as follows:

Unavailable revenue - property taxes	1,052,286
--------------------------------------	-----------

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.

General obligation bonds	\$ (42,519,300)	
Accrued interest payable	(400,445)	
Unamortized bond premium	(335,895)	
Landfill postclosure liability	(70,599)	
Compensated absences	(291,092)	
Net OPEB obligation	<u>(689,285)</u>	
		(44,306,616)

Net position of governmental activities	<u><u>\$ 60,226,096</u></u>

County of Wythe, Virginia
 Reconciliation of Statement of Revenues,
 Expenditures, and Changes in Fund Balances of Governmental Funds
 To the Statement of Activities
 For the Year Ended June 30, 2014

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds \$ 4,250,752

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which the capital outlays exceeded depreciation in the current period.

Capital outlays	\$ 8,267,098	
Depreciation expenses	<u>(1,830,631)</u>	
		6,436,467

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. (177,675)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 130,363

The issuance of long-term obligations (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term obligations consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term obligations and related items.

Debt issued or incurred:		
Issuance of general obligation debt	\$ (16,950,000)	
Increase in accrued landfill closure/postclosure liability	(975)	
Principal repayments:		
Current refunding of debt	9,600,000	
General obligation bonds	<u>1,725,738</u>	
		(5,625,237)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.

Decrease (increase) in compensated absences	\$ (17,281)	
Decrease (increase) in accrued interest payable	(46,665)	
Amortization of bond premium	33,480	
(Increase) decrease in net OPEB obligation	<u>(432,185)</u>	
		(462,651)

Change in net position of governmental activities \$ 4,552,019

COUNTY OF WYTHE, VIRGINIA

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies:

The financial statements of the County conform to generally accepted accounting principles (GAAP) applicable to government units promulgated by the Governmental Accounting Standards Board (GASB). The following is a summary of the more significant policies:

A. Financial Reporting Entity:

The County of Wythe, Virginia (government) is a political subdivision governed by an elected seven-member Board of Supervisors. The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations. Each discretely presented component unit is reported in a separate column in the government-wide financial statements (see note below for description) to emphasize that it is legally separate from the government.

Blended component units - The County has no blended component units.

Discretely Presented Component Units - The component unit column in the financial statements includes the financial data of the County's discretely presented component unit. It is reported in a separate column to emphasize that it is legally separate from the County.

The Wythe County School Board operates the elementary and secondary public schools in the County. School Board members are popularly elected. The School Board is fiscally dependent upon the County because the County approves all debt issuances of the School Board and provides significant funding to operate the public schools since the School Board does not have separate taxing powers. The School Board is presented as a governmental fund type. Separate statements are not issued for the Component Unit - School Board.

Related Organizations - The County's officials are also responsible for appointing the members of the boards of other organizations, but the County's accountability for these organizations does not extend beyond making the appointment.

Jointly Governed Organizations - The Counties of Wythe and Grayson participate in supporting the Wythe/Grayson Regional Library. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. For the year ended June 30, 2014, the County contributed \$289,584 to the Library.

The Counties of Wythe and Smyth participate in supporting the Smyth/Wythe Airport Authority. The governing body of this organization is appointed by the respective governing bodies of the participating jurisdictions. For the year ended June 30, 2014, the County contributed \$62,000 to the Airport.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies: (Continued)

B. Government-wide and fund financial statements:

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component unit. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of net position is designed to display the financial position of the primary government (government and business-type activities) and its discretely presented component unit. Governments will report all capital assets in the government-wide statement of net position and will report depreciation expense - the cost of "using up" capital assets - in the statement of activities. The net position of a government will be broken down into three categories - 1) net investment in capital assets, net of related debt; 2) restricted; and 3) unrestricted.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds, if any, are reported as separate columns in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation:

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Note 1-Summary of Significant Accounting Policies: (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation: (Continued)

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Accordingly, real and personal property taxes are recorded as revenues and receivables when billed, net of allowances for un-collectible amounts. Property taxes not collected within 60 days after year-end are reflected as deferred inflows of resources. Sales and utility taxes, which are collected by the state or utilities and subsequently remitted to the County, are recognized as revenues and receivables upon collection by the state or utility, which is generally in the month preceding receipt by the County.

Licenses, permits, fines and rents are recorded as revenues when received. Intergovernmental revenues, consisting primarily of federal, state and other grants for the purpose of funding specific expenditures, are recognized when earned or at the time of the specific expenditure. Revenues from general-purpose grants are recognized in the period to which the grant applies. All other revenue items are considered to be measurable and available only when the government receives cash.

The government reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those required to be accounted for in other funds. The general fund includes the activities of the Law Library Fund and the Property Seizure Fund.

The County reports the following major capital projects funds:

The County Capital Projects Fund accounts for and reports financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary funds. It accounts for and reports financial resources that are restricted, committed, or assigned to expenditure for capital outlays, except for those financed by proprietary funds or for assets held in trust for individuals, private organizations, or other governments.

The government reports the following major proprietary funds:

The *water fund and sewer fund* accounts for the activities of the County water and sewer system, which includes water distribution and sewage collections systems throughout the County.

Additionally, the government reports the following fund types:

Fiduciary funds (Trust and Agency funds) account for assets held by the government in a trustee capacity or as agent or custodian for individuals, private organizations, other governmental units, or other funds. Agency funds consist of the special welfare fund.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are other charges between the government's water and sewer function and various other functions of the government.

Note 1-Summary of Significant Accounting Policies: (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation: (Continued)

Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise fund are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

D. Assets, liabilities, deferred inflows/outflows of resources, and net position/fund balance:

1. Cash and Cash Equivalents

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the government, as well as for its component unit, are reported at fair value. The State Treasurer's Local Government Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies: (Continued)

D. Assets, liabilities, deferred inflows/outflows of resources, and net position/fund balance:
(Continued)

3. Property Taxes

Property is assessed at its value on January 1. Property taxes attach as an enforceable lien on property as of January 1. Real estate taxes are payable on December 5th.

Personal property taxes are due and collectible annually on December 5th. The County bills and collects its own property taxes.

4. Allowance for Uncollectible Accounts

The County calculates its allowance for uncollectible accounts using historical collection data and, in certain cases, specific account analysis. The allowance amounted to approximately \$622,142 at June 30, 2014. This allowance consists of delinquent taxes in the amount of \$249,481 and delinquent water and sewer bills of \$372,661.

5. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

6. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Interest of \$23,055 was capitalized in the Water fund during the 2014 fiscal year.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies: (Continued)

D. Assets, liabilities, deferred inflows/outflows of resources, and net position/fund balance:
 (Continued)

Property, plant, and equipment and infrastructure of the primary government, as well as the component unit, is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	40
Structures, lines, and accessories	20-40
Machinery and equipment	4-30

7. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. In accordance with the provisions of Government Accounting Standards No. 16, Accounting for Compensated Absences, no liability is recorded for non-vesting accumulating rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulating sick leave benefits that it is estimated will be taken as "terminal leave" prior to retirement. The County accrues salary-related payments associated with the payment of compensated absences. The School Board and Social Services department accrue payments associated with sick leave upon retirement. The County does not pay for sick leave upon retirement. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.

8. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

9. Net Position

Net position is the difference between a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources. Net investment in capital assets represents capital assets, less accumulated depreciation, less any outstanding debt related to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies: (Continued)

D. Assets, liabilities, deferred inflows/outflows of resources, and net position/fund balance:
(Continued)

10. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure/expense) until then. The County does not have any deferred outflows of resources as of June 30, 2014.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has one type of item that qualifies for reporting in this category. Under a modified accrual basis of accounting, unavailable revenue representing property taxes receivable is reported in the governmental funds balance sheet. This amount is comprised of uncollected property taxes due prior to June 30.

11. Fund Equity

The County reports fund balance in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The County of Wythe, Virginia evaluated its funds and classified fund balance into the following five categories:

Nonspendable - amounts that cannot be spent because they are not in spendable form, such as prepaid items and inventory or are required to be maintained intact (corpus of a permanent fund).

Restricted - amounts that are restricted by external parties such as creditors or imposed by grants, law or legislation

Committed - amounts that have been committed (establish, modify, or rescind) by formal action (resolution or ordinance) by the entity's "highest level of decision-making authority"; which the County of Wythe, Virginia considers to be the Board of Supervisors.

Assigned - amounts that have been allocated by committee action where the government's intent is to use the funds for a specific purpose. The County of Wythe, Virginia considers this level of authority to be the Board of Supervisors or any Committee granted such authority by the Board of Supervisors.

Unassigned -this category is for any balances that have no restrictions placed upon them; positive amounts are only reporting in the general fund

When fund balance resources are available for a specific purpose in more than one classification, it is the County's policy to use the most restrictive funds first in the following order: restricted, committed, assigned, and unassigned as they are needed.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 1-Summary of Significant Accounting Policies: (Continued)

D. Assets, liabilities, deferred inflows/outflows of resources, and net position/fund balance:
(Continued)

12. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Note 2-Stewardship, Compliance, and Accountability:

A. Budgetary information

The following procedures are used by the County in establishing the budgetary data reflected in the financial statements:

1. Prior to March 30, the County Administrator submits to the Board of Supervisors a proposed operating and capital budget for the fiscal year commencing the following July 1. The operating and capital budget includes proposed expenditures and the means of financing them. The following funds have legally adopted budgets: General Fund and the School Operating Fund
2. Public hearings are conducted to obtain citizen comments.
3. Prior to June 30, the budget is legally enacted through passage of an Appropriations Resolution.
4. The Appropriations Resolution places legal restrictions on expenditures at the function level. Only the Board of Supervisors can revise the appropriation for each department or category. The County Administrator is authorized to transfer budgeted amounts within general government departments; however, the School Board is authorized to transfer budgeted amounts within the school system's categories.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, and the Special Revenue Funds. The School Fund is integrated only at the level of legal adoption.
6. All budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP).
7. Appropriations lapse on June 30, for all County units. The County's practice is to appropriate Capital Projects by Project. Several supplemental appropriations were necessary during this fiscal year.
8. All budgetary data presented in the accompanying financial statements is the revised budget as of June 30.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 2-Stewardship, Compliance, and Accountability: (Continued)

B. Excess of expenditures over appropriations

For fiscal year 2014, certain departments within the general fund expenditures exceeded their appropriations as demonstrated in Schedule 2 of this report.

C. Deficit fund equity

At June 30, 2014, there were no funds with deficit fund equity.

Note 3-Deposits and Investments:

Deposits:

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the "Act"), Section 2.2-4400 et. Seq. of the Code of Virginia . Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial Institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in the amounts from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

Investments:

Statutes authorize local governments and other public bodies to invest in obligations of the United States or agencies thereof, obligations of the Commonwealth of Virginia or political subdivisions thereof, obligations of the International Bank for Reconstruction and Development (World Bank), the Asian Development Bank, the African Development Bank, "prime quality" commercial paper and certain corporate notes, banker's acceptances, repurchase agreements, and the State Treasurer's Local Government Investment Pool (LGIP).

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County and its discretely presented component unit has an investment policy for custodial credit risk included within the County investment policy. The County's investments at June 30, 2014 were held in the County's name by the County's custodial bank. The County's investments are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 8-Pension Plan:

A. Plan Description

Name of Plan: Virginia Retirement System (VRS)
Identification of Plan: Agent and Cost-Sharing Multiple-Employer Pension Plan
Administering Entity: Virginia Retirement System (System)

All full-time, salaried permanent (professional) employees of public school divisions and employees of participating employers are automatically covered by VRS upon employment. Members earn one month of service credit for each month they are employed and they and their employer are paying contributions to VRS. Members are eligible to purchase prior public service, active duty military service, certain periods of leave and previously refunded VRS service as service credit in their plan.

Within the VRS Plan, the System administers three different benefit plans for local government employees - Plan 1, Plan 2, and, Hybrid. Each plan has different eligibility and benefit structures as set out below:

VRS – PLAN 1

1. **Plan Overview** - VRS Plan 1 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for VRS Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.
2. **Eligible Members** - Employees are in VRS Plan 1 if their membership date is before July 1, 2010, and they were vested as of January 1, 2013.
3. **Hybrid Opt-In Election** - VRS non-hazardous duty covered Plan 1 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible VRS Plan 1 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and had prior service under VRS Plan 1 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 1 or ORP.

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

VRS – PLAN 1 (Continued)

4. **Retirement Contributions** - Members contribute up to 5% of their compensation each month to their member contribution account through a pre-tax salary reduction. Some school divisions and political subdivisions elected to phase in the required 5% member contribution; all employees will be paying the full 5% by July 1, 2016. Member contributions are tax-deferred until they are withdrawn as part of a retirement benefit or as a refund. The employer makes a separate actuarially determined contribution to VRS for all covered employees. VRS invests both member and employer contributions to provide funding for the future benefit payment.
5. **Creditable Service** - Creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.
6. **Vesting** - Vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members become vested when they have at least five years (60 months) of creditable service. Vesting means members are eligible to qualify for retirement if they meet the age and service requirements for their plan. Members also must be vested to receive a full refund of their member contribution account balance if they leave employment and request a refund.

Members are always 100% vested in the contributions that they make.

7. **Calculating the Benefit** - The Basic Benefit is calculated based on a formula using the member's average final compensation, a retirement multiplier and total service credit at retirement. It is one of the benefit payout options available to a member at retirement.

An early retirement reduction factor is applied to the Basic Benefit if the member retires with a reduced retirement benefit or selects a benefit payout option other than the Basic Benefit.

8. **Average Final Compensation** - A member's average final compensation is the average of the 36 consecutive months of highest compensation as a covered employee.
9. **Service Retirement Multiplier** - The retirement multiplier is a factor used in the formula to determine a final retirement benefit. The retirement multiplier for non-hazardous duty members is 1.7%. The retirement multiplier for sheriffs and regional jail superintendents is 1.85%. The retirement multiplier of eligible political subdivision hazardous duty employees other than sheriffs and regional jail superintendents is 1.7% or 1.85% as elected by the employer.
10. **Normal Retirement Age** - Age 65.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

VRS – PLAN 1 (Continued)

11. Earliest Unreduced Retirement Eligibility - Members who are not in hazardous duty positions are eligible for an unreduced retirement benefit at age 65 with at least five years (60 months) of creditable service or at age 50 with at least 30 years of creditable service.

Hazardous duty members are eligible for an unreduced retirement benefit at age 60 with at least five years of creditable service or age 50 with at least 25 years of creditable service.

12. Earliest Reduced Retirement Eligibility - Members may retire with a reduced benefit as early as age 55 with at least five years (60 months) of creditable service or age 50 with at least 10 years of creditable service.

13. Cost-of-Living Adjustment (COLA) in Retirement - The Cost-of-Living Adjustment (COLA) matches the first 3% increase in the Consumer Price Index for all Urban Consumers (CPI-U) and half of any additional increase (up to 4%) up to a maximum COLA of 5%.

14. Eligibility - For members who retire with an unreduced benefit or with a reduced benefit with at least 20 years of creditable service, the COLA will go into effect on July 1 after one full calendar year from the retirement date.

For members who retire with a reduced benefit and who have less than 20 years of creditable service, the COLA will go into effect on July 1 after one calendar year following the unreduced retirement eligibility date.

15. Exceptions to COLA Effective Dates - The COLA is effective July 1 following one full calendar year (January 1 to December 31) under any of the following circumstances:

- The member is within five years of qualifying for an unreduced retirement benefit as of January 1, 2013.
- The member retires on disability.
- The member retires directly from short-term or long-term disability under the Virginia Sickness and Disability Program (VSDP).
- The member is involuntarily separated from employment for causes other than job performance or misconduct and is eligible to retire under the Workforce Transition Act or the Transitional Benefits Program.
- The member dies in service and the member's survivor or beneficiary is eligible for a monthly death-in-service benefit. The COLA will go into effect on July 1 following one full calendar year (January 1 to December 31) from the date the monthly benefit begins.

JUNE 30, 2014

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

VRS – PLAN 1 (Continued)

- 16. Disability Coverage** - Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.7% on all service, regardless of when it was earned, purchased or granted.

Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

- 17. Purchase of Prior Service** - Members may be eligible to purchase service from previous public employment, active duty military service, an eligible period of leave or VRS refunded service as creditable service in their plan. Prior creditable service counts toward vesting, eligibility for retirement and the health insurance credit. Only active members are eligible to purchase prior service. When buying service, members must purchase their most recent period of service first. Members also may be eligible to purchase periods of leave without pay.

VRS – PLAN 2

- 1. Plan Overview** - VRS Plan 2 is a defined benefit plan. The retirement benefit is based on a member's age, creditable service and average final compensation at retirement using a formula. Employees are eligible for VRS Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.
- 2. Eligible Members** - Employees are in VRS Plan 2 if their membership date is on or after July 1, 2010, or their membership date is before July 1, 2010, and they were not vested as of January 1, 2013.
- 3. Hybrid Opt-In Election** - VRS Plan 2 members were allowed to make an irrevocable decision to opt into the Hybrid Retirement Plan during a special election window held January 1 through April 30, 2014.

The Hybrid Retirement Plan's effective date for eligible VRS Plan 2 members who opted in was July 1, 2014.

If eligible deferred members returned to work during the election window, they were also eligible to opt into the Hybrid Retirement Plan.

Members who were eligible for an optional retirement plan (ORP) and have prior service under VRS Plan 2 were not eligible to elect the Hybrid Retirement Plan and remain as VRS Plan 2 or ORP.

- 4. Retirement Contributions** - Same as VRS Plan 1—Refer to Section 4.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

VRS – PLAN 2 (Continued)

5. **Creditable Service** - Same as VRS Plan 1– Refer to Section 5.
6. **Vesting** - Same as VRS Plan 1–Refer to Section 6.
7. **Calculating the Benefit** - Same as VRS Plan 1–Refer to Section 7.
8. **Average Final Compensation** - A member’s average final compensation is the average of their 60 consecutive months of highest compensation as a covered employee.
9. **Service Retirement Multiplier** - Same as Plan1 for service earned, purchased or granted prior to January 1, 2013. For non-hazardous duty members the retirement multiplier is 1.65% for creditable service earned, purchased or granted on or after January 1, 2013.
10. **Normal Retirement Age** - Normal Social Security retirement age.
11. **Earliest Unreduced Retirement Eligibility** - Members who are not in hazardous duty positions are eligible for an unreduced retirement benefit when they reach normal Social Security retirement age and have at least five years (60 months) of creditable service or when their age and service equal 90.

Hazardous duty members are eligible for an unreduced retirement benefit at age 60 with at least five years of creditable service or age 50 with at least 25 years of creditable service.
12. **Earliest Reduced Retirement Eligibility** - Members may retire with a reduced benefit as early as age 60 with at least five years (60 months) of creditable service.
13. **Cost-of-Living Adjustment (COLA) in Retirement** - The Cost-of-Living Adjustment (COLA) matches the first 2% increase in the CPI-U and half of any additional increase (up to 2%), for a maximum COLA of 3%.
14. **Eligibility** - Same as VRS Plan 1–Refer to Section 14.
15. **Exceptions to COLA Effective Dates** - Same as VRS Plan 1–Refer to Section 15.
16. **Disability Coverage** - Members who are eligible to be considered for disability retirement and retire on disability, the retirement multiplier is 1.65% on all service, regardless of when it was earned, purchased or granted.

Most state employees are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

VSDP members are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

A. Plan Description (Continued)

VRS – PLAN 2 (Continued)

17. **Purchase of Prior Service** - Same as VRS Plan 1–Refer to Section 17.

HYBRID RETIREMENT PLAN

1. **Plan Overview** - The Hybrid Retirement Plan combines the features of a defined benefit plan and a defined contribution plan. Most members hired on or after January 1, 2014 are in this plan, as well as VRS Plan 1 and VRS Plan 2 members who were eligible and opted into the plan during a special election window. (See “Eligible Members”)

- The defined benefit is based on a member’s age, creditable service and average final compensation at retirement using a formula.
- The benefit from the defined contribution component of the plan depends on the member and employer contributions made to the plan and the investment performance of those contributions.
- In addition to the monthly benefit payment payable from the defined benefit plan at retirement, a member may start receiving distributions from the balance in the defined contribution account, reflecting the contributions, investment gains or losses, and any required fees.

2. **Eligible Members** - Employees are in the Hybrid Retirement Plan if their membership date is on or after January 1, 2014. This includes:

- State employees*
- School division employees
- Political subdivision employees*
- Judges appointed or elected to an original term on or after January 1, 2014
- Members in VRS Plan 1 or VRS Plan 2 who elected to opt into the plan during the election window held January 1-April 30, 2014; the plan’s effective date for opt-in members was July 1, 2014

3. ***Non-Eligible Members** - Some employees are not eligible to participate in the Hybrid Retirement Plan. They include:

- Members of the State Police Officers’ Retirement System (SPORS)
- Members of the Virginia Law Officers’ Retirement System (VaLORS)

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

HYBRID RETIREMENT PLAN (Continued)

- Political subdivision employees who are covered by enhanced benefits for hazardous duty employees

Those employees eligible for an optional retirement plan (ORP) must elect the ORP plan or the Hybrid Retirement Plan. If these members have prior service under VRS Plan 1 or VRS Plan 2, they are not eligible to elect the Hybrid Retirement Plan and must select VRS Plan 1 or VRS Plan 2 (as applicable) or ORP.

4. **Retirement Contributions** - A member's retirement benefit is funded through mandatory and voluntary contributions made by the member and the employer to both the defined benefit and the defined contribution components of the plan. Mandatory contributions are based on a percentage of the employee's creditable compensation and are required from both the member and the employer. Additionally, members may choose to make voluntary contributions to the defined contribution component of the plan, and the employer is required to match those voluntary contributions according to specified percentages.

5. **Creditable Service**

Defined Benefit Component - Under the defined benefit component of the plan, creditable service includes active service. Members earn creditable service for each month they are employed in a covered position. It also may include credit for prior service the member has purchased or additional creditable service the member was granted. A member's total creditable service is one of the factors used to determine their eligibility for retirement and to calculate their retirement benefit. It also may count toward eligibility for the health insurance credit in retirement, if the employer offers the health insurance credit.

Defined Contribution Component - Under the defined contribution component, creditable service is used to determine vesting for the employer contribution portion of the plan.

6. **Vesting**

Defined Benefit Component - Defined benefit vesting is the minimum length of service a member needs to qualify for a future retirement benefit. Members are vested under the defined benefit component of the Hybrid Retirement Plan when they reach five years (60 months) of creditable service. VRS Plan 1 or VRS Plan 2 members with at least five years (60 months) of creditable service who opted into the Hybrid Retirement Plan remain vested in the defined benefit component.

Defined Contribution Component - Defined contribution vesting refers to the minimum length of service a member needs to be eligible to withdraw the employer contributions from the defined contribution component of the plan.

Members are always 100% vested in the contributions that they make.

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

HYBRID RETIREMENT PLAN (Continued)

Upon retirement or leaving covered employment, a member is eligible to withdraw a percentage of employer contributions to the defined contribution component of the plan, based on service.

- After two years, a member is 50% vested and may withdraw 50% of employer contributions.
- After three years, a member is 75% vested and may withdraw 75% of employer contributions.
- After four or more years, a member is 100% vested and may withdraw 100% of employer contributions.

Distribution is not required by law until age 70½.

7. Calculating the Benefit

Defined Benefit Component - Same as VRS Plan 1—Refer to Section 7.

Defined Contribution Component - The benefit is based on contributions made by the member and any matching contributions made by the employer, plus net investment earnings on those contributions.

8. Average Final Compensation - Same as VRS Plan 2—Refer to Section 8. It is used in the retirement formula for the defined benefit component of the plan.

9. Service Retirement Multiplier - The retirement multiplier is 1.0%.

For members that opted into the Hybrid Retirement Plan from VRS Plan 1 or VRS Plan 2, the applicable multipliers for those plans will be used to calculate the retirement benefit for service credited in those plans.

10. Normal Retirement Age

Defined Benefit Component - Same as VRS Plan 2—Refer to Section 10.

Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.

11. Earliest Unreduced Retirement Eligibility

Defined Benefit Component - Members are eligible for an unreduced retirement benefit when they reach normal Social Security retirement age and have at least five years (60 months) of creditable service or when their age and service equal 90.

Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.

Note 8-Pension Plan: (Continued)

A. Plan Description (Continued)

HYBRID RETIREMENT PLAN (Continued)

12. Earliest Reduced Retirement Eligibility

Defined Benefit Component - Members may retire with a reduced benefit as early as age 60 with at least five years (60 months) of creditable service.

Defined Contribution Component - Members are eligible to receive distributions upon leaving employment, subject to restrictions.

13. Cost-of-Living Adjustment (COLA) in Retirement

Defined Benefit Component - Same as VRS Plan 2-Refer to Section 13.

Defined Contribution Component - Not Applicable.

14. Eligibility - Same as VRS Plan 1 and VRS Plan 2-Refer to Section 14.

15. Exceptions to COLA Effective Dates - Same as VRS Plan 1 and VRS Plan 2-Refer to Section 15.

16. Disability Coverage - Eligible political subdivision and school division members (including VRS Plan 1 and VRS Plan 2 opt-ins) participate in the Virginia Local Disability Program (VLDP) unless their local governing body provides an employer-paid comparable program for its members.

State employees (including VRS Plan 1 and VRS Plan 2 opt-ins) participating in the Hybrid Retirement Plan are covered under the Virginia Sickness and Disability Program (VSDP), and are not eligible for disability retirement.

Hybrid members (including VRS Plan 1 and VRS Plan 2 opt-ins) covered under VSDP or VLDP are subject to a one-year waiting period before becoming eligible for non-work related disability benefits.

17. Purchase of Prior Service

Defined Benefit Component - Same as VRS Plan 1 and VRS Plan 2-Refer to Section 17.

Defined Contribution Component - Not Applicable.

The System issues a publicly available comprehensive annual financial report that includes financial statements and required supplementary information for VRS. A copy of the most recent report may be obtained from the VRS website at <http://www.varetire.org/Pdf/Publications/2013-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 8-Pension Plan: (Continued)

B. Funding Policy

Plan members are required by Title 51.1 of the Code of Virginia (1950), as amended, to contribute 5.00% of their compensation toward their retirement. All or part of the 5.00% member contribution may be assumed by the employer. Beginning July 1, 2012 new employees were required to pay the 5% member contribution. In addition, for existing employees, employers were required to begin making the employee pay the 5% member contribution. This could be phased in over a period up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution. In addition, the County and School Board are required to contribute the remaining amounts necessary to fund its participation in the VRS using the actuarial basis specified by the Code of Virginia and approved by the VRS Board of Trustees. The County's and School Board's contribution rates for the fiscal year ended 2014 were 7.34% and 10.77% of annual covered payroll, respectively.

The School Board's contributions for professional employees were \$2,137,688, \$2,372,402 and \$1,215,732, to the teacher cost-sharing pool for the fiscal years ended June 30, 2014, 2013 and 2012, respectively and these contributions represented 11.66%, 11.66% and 6.33% for 2014, 2013, and 2012, respectively, of current covered payroll.

C. Annual Pension Cost

For fiscal year 2014, the County's annual pension cost of \$655,464 was not equal to the required and actual pension contribution of \$459,075. The School Board's annual pension cost of \$133,877 was equal to the School Board's required and actual contributions for the School Board Non-Professionals, respectively.

	Three-Year Trend Information			
	Fiscal Year Ending	Annual Pension Cost (APC) ⁽¹⁾	Percentage of APC Contributed	Net Pension Obligation
Primary Government:				
County	6/30/2014	\$ 655,464	70.04%	\$ 196,389

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 8-Pension Plan: (Continued)

C. Annual Pension Cost (Continued)

The FY 2014 required contribution was determined as part of the June 30, 2011 actuarial valuation using the entry age actuarial cost method. The actuarial assumptions at June 30, 2011 included (a) an investment rate of return (net of administrative expenses) of 7.00%, (b) projected salary increases ranging from 3.75% to 5.60% per year for general government employees, 3.75% to 6.20% per year for teachers, and 3.50% to 4.75% for employees eligible for enhanced benefits available to law enforcement officers, firefighters, and sheriffs, and (c) a cost-of-living adjustment of 2.50% per year for Plan 1 employees and 2.25% for Plan 2 employees. Both the investment rate of return and the projected salary increases include an inflation component of 2.50%. The actuarial value of the County's and School Board's assets is equal to the modified market value of assets. This method uses techniques that smooth the effects of short-term volatility in the market value of assets over a five-year period. The County's and School Board's unfunded actuarial accrued liability is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at June 30, 2011 for the Unfunded Actuarial Accrued Liability (UAAL) was 30 years.

D. Funded Status and Funding Progress

As of June 30, 2013, the most recent actuarial valuation date, the County's plan was 80.57% funded. The actuarial accrued liability for benefits was \$29,451,853, and the actuarial value of assets was \$23,730,720, resulting in an unfunded actuarial accrued liability (UAAL) of \$5,721,133. The covered payroll (annual payroll of active employees covered by the plan) was \$6,018,809 and ratio of the UAAL to the covered payroll was 95.05%.

As of June 30, 2013, the most recent actuarial valuation date, the School Board's plan was 81.73% funded. The actuarial accrued liability for benefits was \$5,744,037, and the actuarial value of assets was \$4,694,869, resulting in an unfunded actuarial accrued liability (UAAL) of \$1,049,168. The covered payroll (annual payroll of active employees covered by the plan) was \$1,137,746 and ratio of the UAAL to the covered payroll was 92.21%.

The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability (AAL) for benefits.

Note 10-Risk Management:

The County and component unit - School Board are exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The County and component unit - School Board participate with other localities in a public entity risk pool for their coverage of worker's compensation with the Virginia Municipal League Pool and public officials liability with the Virginia Association of Counties Group Self Insurance Risk Pool. The County pays an annual premium to the pools for its general insurance coverage. The agreement for the formation of the pools provides that the pool will be self-sustaining through member premiums. The County and component unit-School Board continue to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The remainder of this page left blank intentionally.

COUNTY OF WYTHE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 11-Commitments and Contingent Liabilities:

Federal programs in which the County and its component unit participate were audited in accordance with the provisions of U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Pursuant to the provisions of this circular all major programs and certain other programs were tested for compliance with applicable grant requirements. While no material matters of noncompliance were disclosed by audit, the Federal Government may subject grant programs to additional compliance tests, which may result in disallowed expenditures. In the opinion of management, any future disallowances of current grant program expenditures, if any, would be immaterial.

The County had the following construction commitments at June 30, 2014:

Project	Original Contract Amount	Outstanding at June 30, 2014
County		
Speedwell Phases I and II	4,625,388	243,940
School Board

JUNE 30, 2014

Note 13-Landfill Postclosure Care Costs:

State and federal laws and regulations require the County to clean up its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The County landfill has been closed. Total costs for landfill postclosure are estimated to be \$70,599. This amount is based on what it would cost to perform all postclosure care in 2014. Actual costs for postclosure monitoring may change due to inflation, deflation, changes in technology or changes in regulations. The County has demonstrated financial assurance requirements for closure and postclosure care and corrective action costs through the submission of a Local Government Financial Test to the Virginia Department of Environmental Quality in accordance with Section 9VAC20-70 of the Virginia Administrative Code.

Note 14-Restricted, Committed, and Assigned Fund Balance:

Primary Government:	
Restricted for law library expenditures	\$ 35,452
Restricted for construction	12,934
Restricted for courtroom security	359,729
Restricted for Clerk's records grant	23,653
Restricted for forfeited asset expenditures	67,016
Committed for construction projects	6,246,662
Assigned for police activities	<u>933,504</u>
 Total Restricted, Committed, and Assigned Fund Balance	 <u>\$ 7,678,950</u>

Note 15-Due from other Governments:

The County constructed certain debt financed assets that are used by the New River Regional Water Authority and the Town of Wytheville, Virginia. The County has recorded a receivable in the Water Fund of \$4,457,238 for repayment of shared construction costs. The County bills these entities as debt service payments are due.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 16-Deferred Inflows of Resources:

Deferred inflows of resources represent amounts for which asset recognition criteria have been met, but for which revenue recognition criteria have not been met. Under the modified accrual basis of accounting, such amounts are measurable, but not available.

	Governmental Funds
Primary Government:	
Deferred property tax revenue representing uncollected property tax billings that are not available for the funding of current expenditures.	\$ 1,052,286
Prepaid property taxes due in June 30, 2014, but paid in advance by the taxpayers	118,888
Total deferred inflows of resources	\$ 1,171,174

Note 17-Other Postemployment Benefits - Health Insurance:

From an accrual accounting perspective, the cost of post employment health care benefits (OPEB), like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in future years when it will be paid. In adopting the requirements of GASB Statement No. 45, the County and the School Board recognize the cost of post employment health care in the year when the employee services are rendered, reports the accumulating liability, and provides information useful in assessing potential demands on the County’s and the School Board’s future cash flows. Recognition of the liability accumulated from prior years will be phased in over 30 years, commencing with the 2009 liability.

Primary Government

A. Plan Description

The County of Wythe, Virginia administers a single-employer healthcare plan (“the Plan”). The Plan provides for participation by eligible retirees of the County and their dependents in the health and dental insurance programs available to County employees. The Plan will provide retiring employees the option to continue health and dental insurance offered by the County. An eligible County retiree may receive this benefit until the retiree is eligible to receive Medicare. To be eligible for this benefit a retiree must have 10 years of service with the County and the employee must have attained the age of fifty (50). Alternatively, an employee is also eligible to participate at age fifty-five (55) with 5 years of service. The benefits, employee contributions and the employer contributions are governed by the County Board and can be amended through Board action. The Plan does not issue a publicly available financial report.

The remainder of this page left blank intentionally.

COUNTY OF WYTHE, VIRGINIA

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 17-Other Postemployment Benefits - Health Insurance: (Continued)

Primary Government (Continued)

B. Funding Policy

The County of Wythe, Virginia currently pays for post-retirement health care benefits on a pay-as-you-go basis. The County of Wythe, Virginia currently has 156 employees that are eligible for the program. In addition, for retirees of the County of Wythe, Virginia, 100 percent of premiums are the responsibility of the retiree. The rates were as follows:

Participants	Premiums		
	Key Advantage 200	Key Advantage 500	Dental
Employee	\$ 549.00	\$ 483.00	\$ 25.00
Employee / Spouse	1,016.00	894.00	40.42
Employee / Child	1,016.00	894.00	39.16
Family	1,482.00	1,304.00	76.92

C. Annual OPEB Cost and Net OPEB Obligation

The County is required to contribute the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

For 2014, the County's annual OPEB cost (expense) of \$69,100 did not equal the ARC of \$69,500. The obligation calculation is as follows:

Annual required contribution	\$ 69,500
Interest on net OPEB obligation	10,300
Adjustment to annual required contribution	(10,700)
Annual OPEB cost (expense)	69,100
Contributions made	(19,900)
Increase in net OPEB obligation	49,200
Net OPEB obligation - beginning of year	257,100
Net OPEB obligation - ending of year	\$ 306,300

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014 and the two preceding years was as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2014	\$ 69,100	28.80%	\$ 306,300
6/30/2013	65,300	16.69%	257,100
6/30/2012	68,800	18.17%	202,700

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 17-Other Postemployment Benefits - Health Insurance: (Continued)

Primary Government (Continued)

D. Funded Status and Funding Progress

The funded status of the Plan as of July 1, 2012 (the most recent actuarial valuation date), was as follows:

Actuarial accrued liability (AAL)	\$ 716,500
Actuarial value of plan assets	-
Unfunded actuarial accrued liability (UAAL)	\$ 716,500
Funded ratio (actuarial value of plan assets/AAL)	0.00%
Covered payroll (active plan members)	\$ 5,537,675
UAAL as a percentage of covered payroll	12.94%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far in the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information, as it becomes available, about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

E. Actuarial Methods and Assumptions

As of July 1, 2012, the most recent actuarial valuation date, the projected unit of credit actuarial cost method was used. Under this method, future benefits are projected and the present value of such benefits is allocated from date of hire to date of eligibility. The actuarial assumptions included: inflation at 2.5%, an investment rate of return at 7.0%, and a health care trend rate of 9% graded to 5% over 10 years. The UAAL is being amortized as a level percentage over the remaining amortization period, which at June 30, 2012, was 26 years.

The remainder of this page left blank intentionally.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
 JUNE 30, 2014

Note 17-Other Postemployment Benefits - Health Insurance: (Continued)

Component Unit: School Board

A. Plan Description

The Component Unit - Wythe County School Board administers a single-employer healthcare plan (“the Plan”). The Plan provides for participation by eligible retirees of the School Board and their dependents in the health and dental insurance programs available to School Board employees. The Plan will provide retiring employees the option to continue health and dental insurance offered by the School Board. An eligible School Board retiree may receive this benefit until the retiree is eligible to receive Medicare. To be eligible for this benefit a retiree must have 10 years of service with the School Board and the employee must have attained the age of fifty (50). Alternatively, an employee is also eligible to participate at age fifty-five (55) with 5 year of service. The benefits, employee contributions and the employer contributions are governed by the School Board and can be amended through Board action. The Plan does not issue a publicly available financial report.

B. Funding Policy

The School Board currently pays for post-retirement health care benefits on a pay-as-you-go basis. The School Board currently has 625 employees that are eligible for the program. In addition, for retirees of the School Board, 100 percent of premiums are the responsibility of the retiree. The rates were as follows:

School Board Participants	Premiums		
	Anthem PPO	Anthem HMO	Dental
Employee	\$ 402.60	\$ 382.95	\$ 33.16
Employee / Spouse	885.65	842.49	60.70
Employee / Child	644.13	612.70	60.70
Family	1,149.36	1,091.37	104.43

C. Annual OPEB Cost and Net OPEB Obligation

The Board is required to contribute the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 17-Other Postemployment Benefits - Health Insurance: (Continued)

Component Unit: School Board (Continued)

C. Annual OPEB Cost and Net OPEB Obligation (Continued)

For 2014, the Board's annual OPEB cost (expense) of \$290,500 did not equal the ARC of \$291,500. The obligation calculation is as follows:

Annual required contribution	\$ 291,500
Interest on net OPEB obligation	25,300
Adjustment to annual required contribution	<u>(26,300)</u>
Annual OPEB cost (expense)	290,500
Contributions made	<u>(188,300)</u>
Increase in net OPEB obligation	102,200
Net OPEB obligation - beginning of year	<u>631,900</u>
Net OPEB obligation - ending of year	\$ 734,100

The Board's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014 and the two preceding years was as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
6/30/2014	\$ 290,500	64.82%	\$ 734,100
6/30/2013	280,800	63.18%	631,900
6/30/2012	303,500	80.89%	528,500

The remainder of this page left blank intentionally.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014

Note 17-Other Postemployment Benefits - Health Insurance: (Continued)

Component Unit: School Board (Continued)

D. Funded Status and Funding Progress

The funded status of the Plan as of July 1, 2012, the most recent valuation, was as follows:

Actuarial accrued liability (AAL)	\$	3,398,200
Actuarial value of plan assets		-
Unfunded actuarial accrued liability (UAAL)	\$	3,398,200
Funded ratio (actuarial value of plan assets/AAL)		0.00%
Covered payroll (active plan members)	\$	20,216,325
UAAL as a percentage of covered payroll		16.81%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far in the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information, as it becomes available, about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

E. Actuarial methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

As of July 1, 2012, the most recent actuarial valuation date, the projected unit of credit actuarial cost method was used. Under this method, future benefits are projected and the present value of such benefits is allocated from date of hire to date of eligibility. The actuarial assumptions included: inflation at 2.5%, an investment rate of return at 4.0%, and a health care trend rate of 9% graded to 5% over 10 years. The UAAL is being amortized as a level percentage over the remaining amortization period, which at June 30, 2012, was 26 years.

The remainder of this page left blank intentionally.

Note 18-Future Accounting Standards:

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68, *Accounting and Financial Reporting for Pensions*. Statement No. 68 will require governments with defined benefit pension plans to disclose a “net pension liability” on their balance sheets. That liability equals the difference between the total pension liability and the value of assets set aside in a pension plan to pay benefits. The statement calls for immediate recognition of more pension expense than is currently required. This includes immediate recognition of annual service cost and interest on the pension liability, plus the effect of changes in benefit terms on the net pension liability. This standard will be implemented during the 2014/2015 fiscal year. The County believes the implementation of Statement No. 68 will significantly impact the County and Component Unit School Board’s net position; however, no formal study or estimate of the impact of this standard has been performed.

**DISCRETELY PRESENTED COMPONENT UNIT - SCHOOL BOARD
MAJOR GOVERNMENTAL FUNDS**

School Operating Fund - The School Operating Fund accounts for and reports the operations of the County's school system. Financing is provided by the State and Federal governments as well as contributions from the General Fund.

**DISCRETELY PRESENTED COMPONENT UNIT - SCHOOL BOARD
MAJOR GOVERNMENTAL FUNDS**

School Operating Fund - The School Operating Fund accounts for and reports the operations of the County's school system. Financing is provided by the State and Federal governments as well as contributions from the General Fund.

County of Wythe, Virginia
Balance Sheet
Discretely Presented Component Unit - School Board
June 30, 2014

		<u>School Operating Fund</u>
ASSETS		
Cash and cash equivalents	\$	3,014,079
Receivables (net of allowance for uncollectibles):		
Accounts receivable		11,761
Due from other governmental units		1,365,469
Inventories		56,549
Prepaid items		327,239
Total assets		<u>4,775,097</u>
LIABILITIES AND FUND BALANCES		
Liabilities:		
Accounts payable		1,065,506
Salaries payable		2,602,156
Total liabilities		<u>3,667,662</u>
Fund balances:		
Nonspendable		383,788
Restricted:		
School cafeterias		295,747
Unassigned		427,900
Total fund balances		<u>1,107,435</u>
Total liabilities and fund balances	\$	<u>4,775,097</u>
Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:		
Total fund balances per above	\$	1,107,435
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.		
Land	\$	708,696
Buildings and improvements		11,487,944
Machinery and equipment		2,593,772
		<u>14,790,412</u>
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds.		
Compensated absences	\$	(620,132)
Net OPEB obligation		<u>(734,100)</u>
		(1,354,232)
Net position of governmental activities		<u>\$ 14,543,615</u>

County of Wythe, Virginia

Governmental Funds - Discretely Presented Component Unit - School Board
For the Year Ended June 30, 2014

		School Operating <u>Fund</u>
REVENUES		
Revenue from the use of money and property	\$	13,399
Charges for services		1,070,919
Miscellaneous		52,521
Recovered costs		720,107
Intergovernmental:		
Local government		19,084,645
Commonwealth		23,381,609
Federal		3,523,504
Total revenues		<u>47,846,704</u>
EXPENDITURES		
Current:		
Education		40,825,539
Capital projects		7,777,238
Total expenditures		<u>48,602,777</u>
Excess (deficiency) of revenues over (under) expenditures		<u>(756,073)</u>
Net change in fund balances		(756,073)
Fund balances - beginning		1,863,508
Fund balances - ending		<u>\$ 1,107,435</u>
Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:		
Net change in fund balances - total governmental funds - per above	\$	(756,073)
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded the capital outlays in the current period.		
Capital outlays	\$	198,744
Depreciation expenses		<u>(999,724)</u> (800,980)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore are not reported as expenditures in governmental funds.		
Decrease (increase) in compensated absences	\$	(207,855)
(Increase) decrease in net OPEB obligation		<u>(102,200)</u> (310,055)
Change in net position of governmental activities		<u>\$ (1,867,108)</u>

County of Wythe, Virginia

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Honorable Members of
the Board of Supervisors of the
County of Wythe, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities and Towns*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia, the financial statements of the governmental activities, business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Wythe, Virginia as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the County of Wythe, Virginia's basic financial statements and have issued our report thereon dated November 25, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County of Wythe, Virginia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County of Wythe, Virginia's internal control. Accordingly, we do not express an opinion on the effectiveness of the County of Wythe, Virginia's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs to be a material weakness. (2014-001)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County of Wythe, Virginia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The County of Wythe, Virginia's Response to Findings

The County of Wythe, Virginia's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The County of Wythe, Virginia's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance For Each Major Program and on Internal Control over Compliance Required by OMB Circular A-133

To the Honorable Members of
the Board of Supervisors of the
County of Wythe, Virginia

Report on Compliance for Each Major Federal Program

We have audited the County of Wythe, Virginia's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of County of Wythe, Virginia's major federal programs for the year ended June 30, 2014. The County of Wythe, Virginia's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County of Wythe, Virginia's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County of Wythe, Virginia's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County of Wythe, Virginia's compliance.

Opinion on Each Major Federal Program

In our opinion, the County of Wythe, Virginia complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control over Compliance

Management of the County of Wythe, Virginia is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County of Wythe, Virginia's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County of Wythe, Virginia's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

COUNTY OF WYTHE, VIRGINIA

Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2014

Note A -- Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the County of Wythe, Virginia under programs of the federal government for the year ended June 30, 2014. The information in this Schedule is presented in accordance with the requirements of OMB Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations. Because the Schedule presents only a selected portion of the County of Wythe, Virginia, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County of Wythe, Virginia.

Note B -- Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) Pass-through entity identifying numbers are presented where available.

Note C -- Food Donation

Nonmonetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed.

Note D -- Relationship to the Financial Statements:

Federal expenditures, revenues and capital contributions are reported in the County's basic financial statements as follows:

Intergovernmental federal revenues per the basic financial statements:

Primary government:

General Fund (excludes payment in lieu of tax) \$ 2,267,254

Water and Sewer Fund Loans/Grants 1,793,040

Component Unit School Board:

School Operating Fund \$ 3,523,504

Total federal expenditures per the Schedule of Expenditures of Federal Awards \$ 7,583,798

County of Wythe, Virginia

Schedule of Findings and Questioned Costs
Year Ended June 30, 2014

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued:	Unmodified
Internal control over financial reporting:	
Material weakness(es) identified?	Yes
Significant deficiency(ies) identified?	None reported
Noncompliance material to financial statements noted?	No

Federal Awards

Internal control over financial reporting:	
Material weakness(es) identified?	No
Significant deficiency(ies) identified?	None reported
Type of auditors' report issued on compliance for major programs:	Unmodified
Any audit findings disclosed that are required to be reported in accordance with Circular A-133, Section .510 (a)?	No

Identification of major programs:

CFDA #	Name of Federal Program or Cluster
10.760	Water and Waste Disposal Systems for Rural Communities

Dollar threshold used to distinguish between Type A and Type B programs:	\$300,000
Auditee qualified as low-risk auditee?	No

County of Wythe, Virginia

Schedule of Findings and Questioned Costs
Year Ended June 30, 2014

Section II - Financial Statement Findings

2014-001

Criteria: Per Statement on Auditing Standards 115, identification of a material adjustment to the financial statements that was not detected by the entity's internal controls indicates that a material weakness may exist.

Condition: The County's financial statements required material adjusting entries by the Auditor to ensure such statements complied with Generally Accepted Accounting Principles. It is noted that the number of entries required has decreased significantly from prior fiscal years.

Cause of Condition: The County failed to identify all year end accounting adjustments necessary for the books to be prepared in accordance with current reporting standards.

Effect of Condition: There is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal controls over financial reporting.

Recommendation: The County's closing process improved significantly over prior years as current staff continues to gain an understanding of the year-end closing process and related reconciliations and adjustments that are necessary. Staff should review the current year adjusting entries and consider same during the next fiscal year close.

Management's Response: The County has reduced its reliance on external consultants and current staff have a good understanding of the County's books and accounting processes. It is anticipated that the number of audit adjustments will continue to decrease in future periods.

Section III - Federal Award Findings and Questioned Costs

There are no federal award findings and questioned costs to report.

Section IV - Status of Prior Audit Findings and Questioned Costs

There were no federal findings reported in the prior fiscal year.
